What Members Say

"You don't know how much you've done for me. I want to thank you for helping me discover what I really want to be in my life. Thank you for caring about our future." — Stefany

"We are the future, and the older generation wants us to grow up healthy and strong." — Donald

"One aspect of the WILL program aspires to is for us to make positive decisions, and a part of that is taking care of your body." — Ashley

What Parents Say

"The WILL program was God-sent. It was much more than I ever expected and I see the maturity level in my daughter changing because of the program." — Tyna, WILL Parent

The program has instilled values and morals in my daughter, has built her self confidence, has enriched her culturally, and has exposed her to avenues in life that she did not know existed. More importantly, the vision of WILL is unique and the opportunities for our youth are boundless. The program supports the foundation of education and instills in our youth the confidence that success awaits them at the end of the road. Karen, WILL Parent
